A large, colorful collage of images and text. The images include a globe with 'GLOBAL' written on it, a person in a red hard hat looking at blueprints, an offshore oil rig, a man in a blue hard hat talking on a mobile phone, a man in a suit shaking hands, a person at a computer keyboard, and a man in a blue shirt holding blueprints. The text labels, written in a stylized font, are: Overseas, Commercial, Technical, Marine & Offshore, Project Support, Engineering, I.T., and Drilling. The collage is set against a background of diagonal stripes in shades of purple, green, and black.

People are our business

LA RECRUITMENT IS A LEADER IN THE RECRUITMENT AND PLACEMENT OF SKILLED PERSONNEL ACROSS THE GLOBE.

Based in Europe's oil capital, Aberdeen, LA has extensive expertise in recruitment for all disciplines in a variety of energy, marine and construction projects, from design and EPC to commissioning phases.

LA Recruitment specialises in the placement of discipline engineers, technical personnel, marine and offshore personnel, project support personnel and commercial staff. Locally, nationally and internationally, we are continually meeting the needs of some of the world's most prominent oil and gas operators, energy contractors and shipping companies.

LA has been a leading name in the recruitment market for over 20 years. In recent years, following a management buyout in 2002, we have dovetailed traditional experience with a contemporary approach to provide an enviable reputation for quality, reliability, prompt response – and an ability to source and present the right personnel for the requirements.

The company's team of recruitment professionals and support staff is committed to quality of service and managed by three directors who between them have over 45 years of experience and a wealth of knowledge both in the general recruitment sphere and in specific specialist areas.

Recent activity has been in the UK, in Norway, across the Middle East and in Africa and new areas of interest to LA Recruitment are continually being sought.

Engineering

In recruiting professional Discipline Engineers, LA Recruitment employs a range of well-proven recruitment techniques.

We obtain a detailed understanding of our client's needs and make a careful evaluation of the position. For both permanent and contract positions LA Recruitment offers a comprehensive and cost-effective solution.

LA Recruitment can supply all types of Engineers for the oil and gas, construction, drilling, earth sciences and public sectors.

Our strategy is backed up by our state of the art computerised database system, which enables fast and efficient sourcing of candidates to meet Client requirements.

Overseas

In the highly competitive world of overseas recruitment, we have expanded and developed our global expertise.

LA Recruitment has a team of internationally experienced recruiters who work diligently co-ordinating the documentation, requirements and arrangements demanded by our overseas clients.

We are currently working with many of the world's leading Oil Exploration Companies and our operations extend worldwide.

Personnel can be supplied on a permanent or contract basis and our expertise extends to the following areas:

- Construction
- Project Management
- Refinery/Gas Plants
- Oil and Gas
- Petrochem

We are also experienced in project management of all staffing requirements for major projects from the initial Design to EPC and Construction to Commissioning Phases.

Based in Aberdeen but with worldwide resourcing capabilities.

Project Support and Commercial

Project support personnel are vital to the successful running of a project and our team understand the unique and special requirements of these valued personnel.

We employ the following strategies to enable us to deliver the correct recruitment solution to you:-

- In depth Candidate Interviews
- Skills testing and training using recognised software
- Reference checking
- Psychometric Testing if required

Our aim at all times is to work in partnership with our client towards providing a service consistent with and complimentary to their corporate objectives.

Marine and Offshore Manning

LA Recruitment offers manpower manning on the following:

- Flotels
- Drill Rigs
- Platforms
- FPSOs
- Jack Ups
- Support Vessels

Our team of highly skilled Marine Recruiters have a detailed understanding of both the client's requirements and the industry in which they specialise. We provide staff for locations including North Sea, Norwegian, Dutch and Far East sectors.

Extensive checks of references and offshore certification are always undertaken to ensure competence. We also undertake a thorough assessment of all candidates employment history to select recruits who have both the expertise and experience required.

Within a fast changing industry, LA Recruitment prides itself on keeping up to date with all current legislation and they can pass these benefits to clients.

Technical & Trades

We are also specialists in the technical trades and services industry and have many years of varied experience in the placement of all types of trades personnel from Labourer to Mechanical Technician, from Warehouse Person to Electrical Technician etc.

We have experience in dealing with large and small companies, from world wide Exploration Companies to smaller Service Companies.

IN ALL CASES, WE ARE CONFIDENT THAT WE CAN USE OUR EXPERTISE TO DELIVER THE CORRECT RECRUITMENT SOLUTION FOR YOUR COMPANY.
